

Scenarij delavnice/workshop Scenario

Tema/Topic: „Izobraževanje turističnih vodnikov ob Dnevu Zemlje” „Education for tourist guides on Earth Day”

Gozd je občutenje in ljubezen, ki nas zna nagovarjati v paradigmi povezovanja, spoštovanja, združevanja in zaupanja. Je dokaj mlad sistem na našem planetu. Gozd je odprta knjiga o zgodovini in prihodnosti. Drevesa, tla in skupna energija, pričajo o dejanju naših prednikov. Na naši poti ne obstajajo ločnice med naravnimi toki kot snovmi, kot so npr. zrak, drevesa, voda, živalstvo, tla, veter... Vse je povezano v kibernetično spiralo fotosinteze.

The forest is an experience and love that can address us in the paradigm of connection, respect, unity, and trust. It is a relatively young system on our planet. The forest is an open book about history and the future. Trees, soil, and collective energy testify to the actions of our ancestors. On our journey, there are no boundaries between natural flows such as substances like air, trees, water, wildlife, soil, wind... Everything is interconnected in a cybernetic spiral of photosynthesis.

Vsebina: / Objectives:

1. Teoretični del - predavanja/Theoretical part - lectures:

- Zeleni turizem
- **Green tourism**
- Vodenje obiskovalcev v naravi
- **Guiding visitors in Nature**
- Usposabljanje o principih in programih interpretacijenaravne in kulturne dediščine
- **Training on the principles and programs of interpretation of natural and cultural heritage**
- Usposabljanje o pomenu varstva narave in ozaveščanje obiotiski pestrosti in trajnostnem razvoju
- **Training on the importance of nature protection and awareness of biotic diversity and sustainable development**
- Gozdna pedagogika in joga v gozdu
- **Forest pedagogy and yoga in the forest**
- Funkcije in vloge gozda
- **Functions and roles of the forest**

2. Praktični del/Practical work

- Vodenje po tematski poti z elementi gozdne pedagogike
- **Guiding along a thematic route with elements of forest pedagogy**
- Testiranje različnih učnih inovativnih pristopov v naravi vezanih na tematsko pot
- **Testing various innovative educational approaches in nature that are thematically related to the trail.**

3. Ogled primera dobre prakse/ Visit to good practise example
